

I listen to K-LOVE everyday day as I'm driving in my car for business or travel. I am encouraged by music of my faith, and am kept up to date on national news of interest to me as a Christian. Although there is one local Christian radio station in town, K-LOVE has information and news of national and inter-national interest. This would be lost if I didn't have K-Love to listen to. Also, there is something important in knowing that what I'm hearing is being heard throughout the country. My daughter in Fairbanks. Alaska can be listening to the same song and information as I am. There is also a sense of a strong community of believers nationwide when we are all listening to the same station.
I DO NOT WANT TO LOSE MY CHOICE TO LISTEN TO K-LOVE.
Thank you
